[Application form](#)  [Lignes directrices](#)  [Formulaire de demande](#)  *Remark: The purpose of the call is quite new and unclear to us especially knowing that the multi-annual regional strategies for the different regions are not adopted yet. According to funds available and size of grants, not more than one project will be accepted for each region. We suspect that contractors are already well identified by the EC (probabl think-thanks on EU relations with the different regions).*
